We also have procedures in place to deal with any suspected data security breach. If required, we will notify you and any applicable regulator of a suspected data security breach. We also require those parties to whom we transfer your Personal Information to provide acceptable standards of security.

How Long Do We Keep Your Personal Information?

General Retention Periods

We use the following criteria to determine our retention periods: the amount, nature and sensitivity of your information, the reasons for which we collect and process your Personal Data, the length of time we have an ongoing relationship with you and provide you with access to our Site, and applicable legal requirements. We will retain Personal Information we collect from you where we have an ongoing legitimate business need to do so (for example, to comply with applicable legal, tax or accounting requirements), when we are unable to reasonably verify your identity, or as may otherwise be required under GDPR. Additionally, we cannot delete information when it is needed for the establishment, exercise or defense of legal claims (also known as a "litigation hold"). In this case, the information must be retained as long as needed for exercising respective potential legal claims.

When we have no ongoing business need to process your Personal Information, we will either delete or anonymize it or, if this is not possible (for example, because your Personal Information has been stored in backup archives), we will securely store your Personal Information and isolate it from any further processing until deletion is possible.

If you have questions about, or need further information concerning, our data retention periods, please send an email to VLX.

Time Frame of Deletion

If Personal Data can no longer be retained or is no longer necessary, it will be erased or anonymized/de-identified without undue delay.

Anonymization

In some instances, we may choose to anonymize your Personal Data instead of deleting it, for statistical use, for instance. When we choose to anonymize, we make sure that there is no way that the Personal Data can be linked back to you or any specific user.

International Transfers

We are located in the United States, and the Personal Information that we collect is stored on servers located in the United States. This means that your Personal Information will be collected, processed and stored in the United States, which may have data protection laws that are different from (and sometimes less protective than) the laws of your country or region, such as the GDPR.

By sending us Personal Information, you agree and consent to the processing of your Personal Information in the United States, which may not offer an equivalent level of protection to that required in other countries (particularly the European Union), and to the processing of that information by us on servers located in the United States, as described in this Privacy Notice.

We have implemented safeguards designed to ensure that the Personal Information we process remains protected in accordance with this Privacy Notice, including when processed internationally or by our third-party service providers and partners. The safeguards we may take in our discretion include, for instance, entering into binding agreements in connection with any onward transfers of Personal Information. We may implement other mechanisms and take similar appropriate safeguards with our third-party service providers and partners. Further details can be provided upon request.

Changes to this Privacy Notice

VLX may update this Privacy Notice from time to time, at its sole discretion. If so, we will post an updated Privacy Notice within the Site along with a change notice. Changes, modifications, additions, or deletions will be effective immediately on their posting to the Site. If we make significant changes, we may also send registered users a notice that this Privacy Notice has been changed. We encourage you to review this Privacy Notice regularly for any changes. Your continued use of the Site and/or your continued provision of Personal Information to us after the posting of such notice will be subject to the terms of the then-current Privacy Notice. If you continue to use the Site you will be deemed to have accepted the change.

Categories of Recipients of Personal Data

The categories of recipients of Personal Data with whom we may share your Personal Data are listed in Disclosure of Your Personal Information above.

Purpose of the Processing and Legal Bases

VLX uses your Personal Information for a number of different purposes, as explained here. Some are essential for us to provide the Site you use or to fulfill our legal obligations, some help us run the Site efficiently and effectively and some enable us to provide you with more relevant and personalized offers and information. In all cases we must have a reason and a legal ground for processing your Personal Information. Some of the most common legal grounds we rely on are briefly explained below.

Performance of a Contract

We may process your Personal Data for the purposes of a contract to which you are a party, in other words your ability to use the Site. For instance, if you purchase Products on the Site, we will process your data in order to carry out the purchase.

Legitimate Interests

When we rely on this legal basis, if required, we'll carry out a legitimate interest assessment to ensure we consider and balance any potential impact on you (both positive and negative), and your rights under data protection laws.

Consent

VLX may rely on consent where it is required, such as with respect to Device and Usage Information collected via cookies and similar technologies (other than strictly functional cookies), or when we're asking you to confirm your marketing preferences. You have the right to withdraw your consent at any time if you no longer want VLX to processing your Personal Data in connection with the activity for which your consent was sought.

Legal Obligation

VLX will on occasion be under a legal obligation to obtain and disclose your Personal Data. Where possible, we will notify you when processing your data due to a legal obligation, however this may not always be possible. For instance, we may

need to provide your data in order to prevent criminal activity or help to detect criminal activity, in which case we may share information with law enforcement.

The following table illustrates in more detail how the above legal bases for processing may apply to our primary purposes for processing different types of Personal Data:

These rights are subject to certain rules around when you can exercise them. If you are located in the EEA and wish to exercise any of the rights set out above, please contact us (see How to [Contact Us](#) About Privacy).

You will not have to pay a fee to access your Personal Data (or to exercise any of the other rights) unless your request is clearly unfounded, repetitive or excessive. Alternatively, we may refuse to comply with your request under those circumstances.

We may need to request specific information from you to help us confirm your identity. This is a security measure to ensure that Personal Data is not disclosed to any person who has no right to receive it. **Note:** that if we are unable to reasonably confirm your identity, we will not be able to honor certain requests.

We will respond to all legitimate requests within one month. Occasionally it may take us longer than a month if your request is particularly complex or you have made a number of requests. In this case, we will notify you and keep you updated as required by law.

In addition, if you no longer wish to receive our marketing/promotional information, we remind you that you may withdraw your consent to direct marketing at any time directly from the unsubscribe link included in each electronic marketing message we send to you. If you do so, we will promptly update our databases, and will take all reasonable steps to meet your request at the earliest possible opportunity, but we may continue to contact you to the extent necessary for the purposes of providing our Site.

Finally, you have the right to make a complaint at any time to the supervisory authority for data protection issues in your country of residence. We would, however, appreciate the chance to address your concerns before you approach the supervisory authority, so please contact us directly first.

Your Rights and Choices under CCPA

The CCPA provides Consumers with specific rights regarding their Personal Information, provided that we are able to verify their identities as explained. This section describes your CCPA rights and explains how to exercise those rights.

Access to Specific Information and Data Portability Rights

You have the right to request that VLX disclose certain information to you about our collection and use of your Personal Information over the past 12 months. Once we receive your request and verify your, we will disclose to you:

- The categories of Personal Information we collected about you.
- The categories of sources for the Personal Information we collected about you.
- Our business or commercial purpose for collecting or selling that Personal Information.
- The categories of third parties with whom we share that Personal Information.

- The specific pieces of Personal Information we collected about you (also called a data portability request).
- If we sold or disclosed your Personal Information for a business purpose, two separate lists disclosing:

Deletion Request Rights

You have the right to request that VLX delete any of your Personal Information that we collected from you and retained, subject to certain exceptions. Once we receive your request and verify your, we will delete (and direct our service providers to delete) your Personal Information from our records, unless an exception applies.

We may deny your deletion request if retaining the information is necessary for us or our service provider(s) for certain reasons as permitted and set forth in the CCPA. These reasons include (just to name a few):

1. Completing the transaction for which the personal information was collected;
2. Providing a good or service requested by you;
3. Detecting security incidents, protecting against malicious, deceptive, fraudulent, or illegal activity, or prosecuting those responsible for such activities;
4. Debugging products to identify and repair errors that impair existing intended functionality;
5. Complying with a legal obligation;
6. Making other internal and lawful uses of that information that are compatible with the context in which you provided it.

Exercising Your Rights

Only you, or a person registered with the California Secretary of State that you authorize to act on your behalf, may make a verifiable Consumer request related to your Personal Information.

An authorized agent is a natural person or a business entity registered with the Secretary of State that a Consumer has authorized to act on his or her behalf. When a Consumer uses an authorized agent to submit a request to know or a request to delete, VLX may require that the Consumer provide the authorized agent written permission to do so and verify their own identity directly with VLX, unless the Consumer has provided the authorized agent with a valid power of attorney. VLX may deny a request from an agent that does not submit proof that they have been authorized by the Consumer to act on his or her behalf.

To exercise the access, data portability, and deletion rights described above, please submit a verifiable Consumer request to us by either:

- vlxweb.visiologix.com
- webmaster@visiologix.com

You may (or your authorized agent) only make a verifiable Consumer request for access or data portability twice within a 12-month period. The verifiable Consumer request must:

- Provide sufficient information that allows us to reasonably verify you are the person about whom we collected Personal Information or an authorized representative.
- Describe your request with sufficient detail that allows us to properly understand, evaluate, and respond to it.

We cannot respond to your request or provide you with Personal Information if we cannot verify your identity or authority to make the request and confirm the Personal Information relates to you.

Making a verifiable Consumer request does not require you to create an account with us. However, we do consider requests made through your password protected account as a reasonable step toward verification when the request relates to Personal Information associated with that specific account. Please note that the methods for verification are set forth in the CCPA, which also requires us to consider a number of factors, such as type, sensitivity and value of the Personal Information or risk of harm posed by unauthorized access or deletion, on a case-by-case basis.

We will only use Personal Information provided in a verifiable Consumer request to verify the requestor's identity or authority to make the request.

Response Timing and Format

We endeavor to respond to a verifiable Consumer request within forty-five (45) days of its receipt. If we require more time (up to 90 days), we will inform you of the reason and extension period in writing.

If you have an account with us, we will deliver our written response to that account. If you do not have an account with us, we will deliver our written response by mail or electronically, at your option.

Any disclosures we provide will only cover the 12-month period preceding our receipt of the verifiable Consumer's request. If applicable, our response we provide will also explain the reasons we cannot comply with a request. For data portability requests, we will select a format to provide your Personal Information that is readily useable and should allow you to transmit the information from one entity to another entity without hindrance.

We do not charge a fee to process or respond to your verifiable Consumer request unless it is excessive, repetitive, or manifestly unfounded. If we determine that the request warrants a fee, we will tell you why we made that decision and provide you with a cost estimate before completing your request.

Non-Discrimination

We will not discriminate against you in a manner prohibited by the CCPA because you exercise your CCPA rights. Please note that to use our Site or purchase Products, we do require the collection of your Personal Information, for example to sign up or in order to complete a paid transaction. While you may request to delete your Personal Information under CCPA, such deletions may affect VLX' ability to offer the Site and its Products.
